EXPERIENCE

PayPal / Senior UX Designer

Aug 2019 - Sep 2024 , San Jose CA

Led end-to-end design as the sole product designer for PayPal's social P2P payment experiences, transforming payments from isolated transactions into socially contextual, expressive interactions.

Designed and launched core social interaction features for P2P payments, including **Pool Money, emojis, themes, reactions, quick replies, and embedded messaging**, shipped to production within the PayPal app.

Drove initiatives from **early exploration through launch and iteration**, collaborating closely with product, engineering, data science, legal, privacy, and risk teams to ensure scalable, compliant solutions.

SAP / User Experience Design Specialist

Jun 2016 - July 2019 , Palo Alto CA

Designed and shipped **SAP CoPilot**, a conversational AI product for web and iOS, enabling task completion and insight discovery via natural-language interactions.

Led the research and design of SAP's first **conversational UI design system**, defining core interaction models, principles, and reusable patterns that laid the foundation for future AI-driven experiences.

Contributed to the **Fiori for iOS enterprise design system**, developed in collaboration with Apple to deliver native iOS experiences for enterprise needs, and partnered cross-functionally to design, ship, and validate scalable design guidelines.

Award: SAP Catalyst, Top 3 Finalists of Hasso Plattner Founders' Award

Razorfish / UX Design Intern

Jun 2015 - Aug 2015 , Chicago IL

Supported UX strategy and design for e-commerce clients, from research and wireframing to interaction design and concept validation.

Continuum / Industrial Design Intern

Jan 2014 - Feb 2014 , Shanghai China

Supported early-stage consumer product concepts through 3D prototyping and visual rendering, focusing on form, usability, and manufacturability.

EDUCATION

Georgia Tech - OMSCS

Master of Science in Computer Science
(Artificial Intelligence Track)

2024 - 2026

IIT Institute of Design

Master of Design

2014 - 2016 , Chicago IL

ID Fellowship

Tongji University

B.E., Industrial Design

2009 - 2014 , Shanghai
